I am thrilled to introduce the Ball Straathof 2025 catalogue! We have continued our dedication to offer you the best varieties from leading breeders around the world. This catalogue represents the hard work and expertise of our team, and we are excited to share our latest offerings with you.

In 2025, we're bringing even more innovation and performance to the market with exceptional new varieties. Highlights include Petunia Miss Marvelous and Dahlia Starburst Pink, guaranteed to make a lasting impression. Of course, we haven't forgotten about our trusted favorites, like the Pansy Punch and Impatiens Beacon series, which remain top performers, continuously improved to meet your needs.

Of course, great products are not enough. We have also made significant strides in enhancing our supply chain to provide you with more reliable access to both new and existing products. Our goal is to ensure that you can offer your customers consistency and excellence every season. As always, we are here for you with great customer service and sales support.

At Gro-Plug, our young plant production facility, we are continuously investing in technology as well as people to ensure we produce world class quality plugs. We like to run to the hard stuff - which is why we will always be here to take care of any of your specific propagation needs.

With the challenges we all have to face in our business environments, we know how important it is to offer products that stand out and perform reliably. Your success is our success. Thank you for placing your trust in Ball Straathof as your partner in growth. We look forward to serving you in the year ahead.

OUR TOP PICKS

Julian Kruger
Sales Representative

*I'm really excited about **Impatiens Solarscape**. Growers and landscapers can now benefit from growing interspecific impatiens from seed!*

Jaco Fouche
Sales Representative

*Angelonias just keep going, no matter what. I love that we now have new habits and unique colours to offer. My top pick for this year is **Angelonia AngelFlare Black**.*

Funky coloured petunias from seed? What isn't to like? I can't wait to see six packs of these bedding petunias in our garden centres. The **Shake Series of bedding petunias** is my winner this year.

Chris Varney
Sales Representative

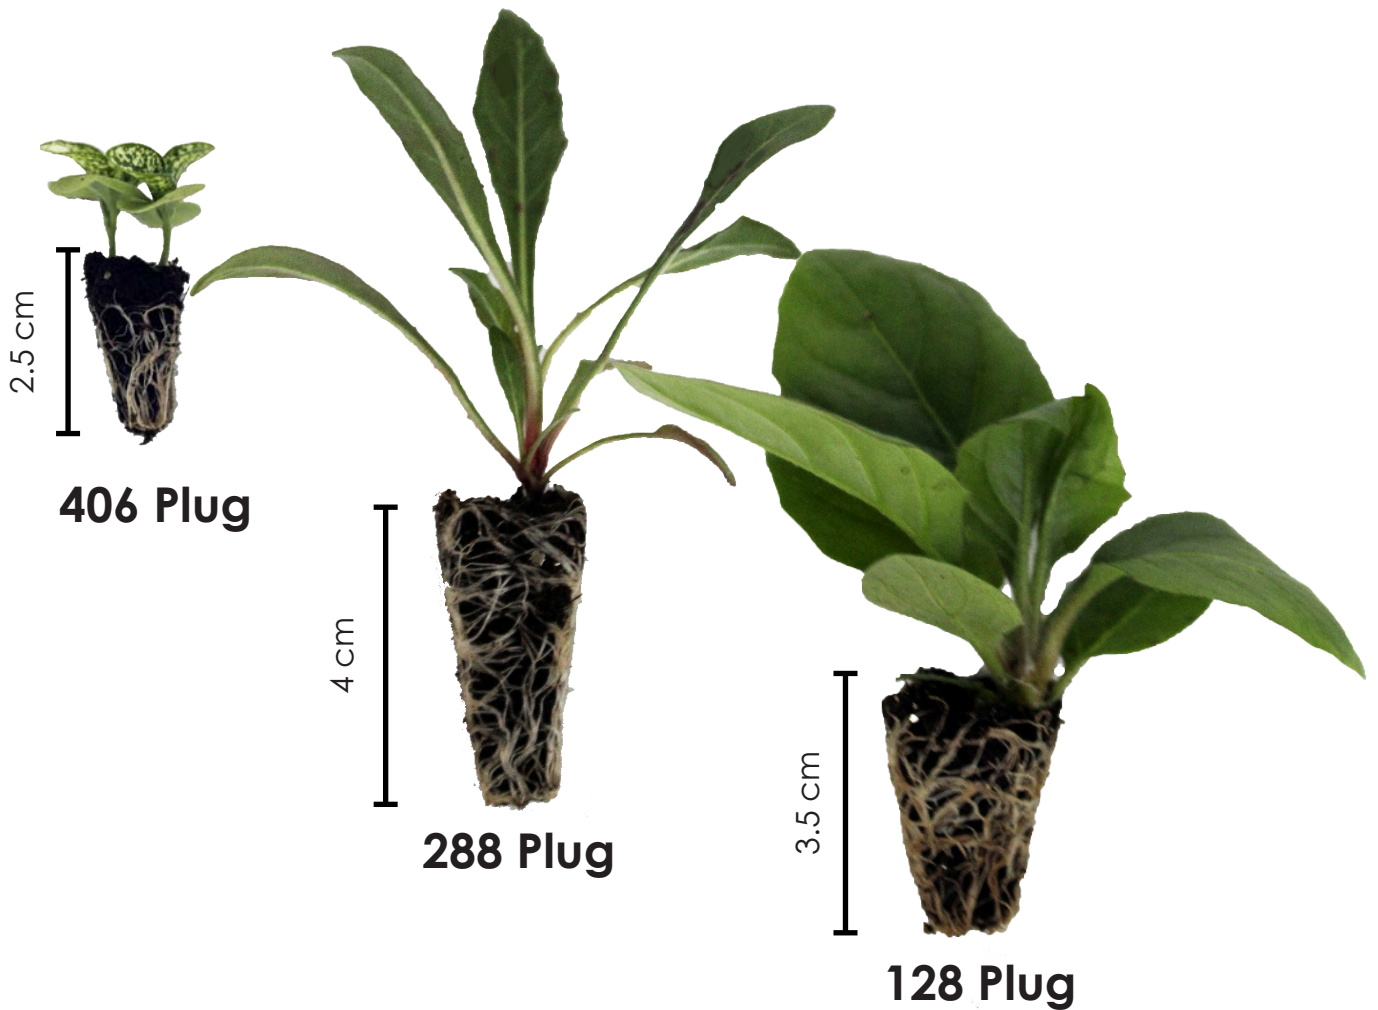

Kathy Varney
Marketing and Product Manager

Ever since I saw **Dahlia Summer Bees** at Flower Trials, I had to have them. Yes I love that they're polliantor plants, but mainly - these plants are just beautiful. They make me happy.

TRIALS - WEEK 45

SEED REFERENCE GUIDE

SEED FORMS TO HELP YOU GROW WITH CONFIDENCE

Your seed order contains high-quality seed with great performance, so you can be confident in the plants you grow.

RAW

This is seed in its natural form, with no enhancements. Examples include Tomato and New Guinea Impatiens.

DE-TAILED

The "tail" on a seed can interfere with an automatic seed-sowing machine. By removing the tail, the seed has a smoother shape that is easier to handle. De-tailed seed is most often used with Marigolds.

PRIMED

Primed seed has had the germination process started, but it is stopped before the root protrudes through the seed; the seed is then dried down. Primed seed has more uniform growth and will germinate under a wide range of conditions. Examples include Pansy, Viola and Coreopsis.

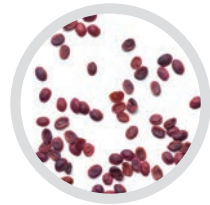

AMPLIFIED

Seed that is enhanced through a proprietary process, resulting in faster and more uniform germination compared to non-enhanced seed. Examples include Echinacea.

COATED

Seed is enhanced through a specific proprietary process in which a coating is applied to allow easier handling by the grower and in seeders. This is sometimes referred to as a "film coat" or a "slick coat". Examples include Beacon® Impatiens.

TREATED

Thiram is applied to the seed for disease control and protection against multiple seedborne and soilborne fungi. The seed is sealed, has no shape or size change, and no dust rubs off.

PELLETED

Pelleted seed has been enhanced through a proprietary process where multiple layers of a pelleting material are applied to increase the size and make the seed more spherical. This improves visibility and makes seeder pickup easier. Examples include Petunia and Begonia.

MULTI-SEED PELLETT AND MULTI-SPECIES MULTI-PELLET

Multi-Seed Pellet - The seed undergoes a similar process to pelleted but combines multiple seeds in one pellet. An example of this is Alyssum. **Multi-Species Multi-Pellet** - The combining of seeds from multiple species into one pellet, essentially providing a pre-formed mixed container in a pellet. Examples include Fuseables® and SimplySalad®.

PRECISION™ MULTI-SEED PELLETT

This form (from PanAmerican seed) is offered when they want to supply a precise number of seeds in a multi-seed pellet. Each seed is pelleted first, then combined with others into a larger pellet. When the PMPL form is used for multi-species combinations, we can ensure that a precise number of seeds of each variety of the mix is in every PMPL. Examples include Fuseables®.

A - Z ASSORTMENT

Our team have done a lot of the upfront work to make sure you get the most innovative and profit-generating line-up of annuals, perennials, ornamental, vegetables and herbs. From all-new series to exciting colour additions to the popular favourites you and your customers already count on, we can assure you that these pages are filled with the products that perform!

ACANTHUS MOLLIS

Acanthus mollis

Height: 76 to 102 cm

Spread: 81 to 91 cm

Impressive plant produces large rose and white spikes over attractive classic foliage. Good for borders, patio planters, or as a specimen plant.

ADROMISCHUS

See succulents

AFRICAN DAISY

Dimorphotheca sinuate

Height: 30 to 35 cm

One of the easiest indigenous plants to grow. Drought tolerant and hardy. Seeds/m² 0.5g.

• Aurantiaca Hybrids Mixed

Excellent mixture of apricot, yellow, orange and white shades.

• Glistening White

Flowers pure white with a black centre.

ACHILLEA (YARROW)

Achillea x hybrida

Achillea Hybrida

Height: 60 to 90 cm

Spread: 50 to 70cm

Achillea hybrids are tall and vigorous, sun loving perennials. Blooming in late spring and summer, plants have soft, aromatic dark green foliage and flat headed flowers. Flower heads can be cut for bright fresh indoor summer colour. Great in borders and mixed landscapes.

• Appleblossom

• Lachsschonheit

• Pretty Belinda

• Safran

• Schneetaler

Milly Rock

Height: 25 to 30 cm

Spread: 25 to 30 cm

The Milly Rock Series stands for: compactness, good branching, strong colours and very healthy foliage. With a height of 30 cm, Milly Rock is perfect for 17 cm and 20 cm containers. Known for its compact, mounding habit that holds together nicely all Summer long, the plants will bloom from late Spring until Autumn.

ALSTROEMERIA

Alstroemeria x hybrida

Summer Paradise (Garden Selection)

Height: Summer Series 60cm;
Valley Series = 40cm

Spread: Summer Series 60cm;
Valley Series = 40cm

Summer Series contains tall and
vigorous garden varieties.

Valley series brings beautiful
compact garden varieties that
can also suit containers.

These Garden Alstroemeria
varieties are hardy down to
-15°C which makes them truly
unique. Attractive plants
produce a wealth of flowers
in an unbroken display from
September through March,
and beyond in some parts. The
splendid colours of the flowers
make a wonderful contrast
to the deep green leaves.
Garden Alstroemeria varieties
will perform best in garden soil,
but can also be planted in a
container for display on a patio
or balcony. The plants will also
easily tolerate having their stems
picked to make a pretty bunch
of flowers for the vase.

ALTERNANTHERA

Alternanthera brasiliana

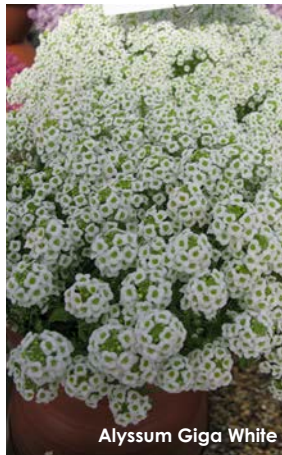

Purple Prince

Height: 25 to 40 cm

Spread: 45 to 50 cm

First compact seed alternanthera is an easy-to-grow alternative to vegetative varieties. Durable carpet of ruby/burgundy foliage is ready to take on any Summer condition including drought and rain.

Alyssum Giga White

Alternanthera Purple Prince

ALYSSUM

Lobularia maritima

Clear Crystal® Series

Height: 15 to 25 cm

Spread: 30 to 35 cm

This exciting tetraploid series delivers superior vigour; fragrant, large flowers; and stronger performance in containers and landscapes than diploids. Unique Lavender Shades and Purple Shades are the first pigmented tetraploid alyssums and are well-matched to White.

- Lavender Shades
- Purple Shades
- White
- Mix

Easter Bonnet Series

Height: 10 to 25 cm

Spread: 25 to 30 cm

Easter Bonnet combines uniformity of habit and colour with unsurpassed earliness. Plants stay compact and tidy much longer than other Alyssums, making these excellent edging plants.

AMARANTHUS

A. Caudatus.

Love Lies Bleeding

Height : 2m x 0,5m

Each fascinating tassel is a colony of tightly packed, tiny flowers. Popular spiller in bouquets and if carefully dried, the colour of the spikes remains unchanged for a considerable time.

- Red

ANGELONIA

A. angustifolia

AngelDance

Height : 35 - 45cm

Width : 30 - 35cm

Thrives in extreme heat, humidity and drought. Uniform habit and flowering time for easy, high-density production. Well-branched plants. Excellent landscape performance. Taller and more vigorous than Archangel, with more flexible stems that "dance" in the wind.

- Fuchsia Bicolour
- Violet Bicolour

AngelFlare

Height : 20 - 30cm

Width : 30 - 45cm

This new angelonia has an open, V-shaped habit that stands out in combinations. Plants produce vibrant blooms and are heat tolerant. It also works in very hot and humid regions. Great for landscapes and mixed containers. First-to-market AngelFlare Black brings a never-before-seen color to Angelonia. Ideal for combos with other heat-loving items.

- Black
- Cranberry
- Orchid

Archangel

Height : 25 - 30cm

Width : 25 - 30cm

The biggest blooms: three times larger than other varieties! Well-branched plants ship with less breakage, shrinkage and tangling. Uniform habit and flowering time for easy production. Archangel thrives in extreme heat, humidity and drought.

- Blue Bicolour
- Cherry
- Dark Purple
- Raspberry
- Ruby Sangria
- White

Guardian Angel

Height : 40 - 50cm

Width : 25 - 30cm

NEW Guardian Angel is 30% taller and more vigorous than Archangel. It flowers earlier than Archangel, too, so growers with less light can finish it on time for their markets. Thrives in extreme heat and humidity. Huge flowers are vibrant against glossy dark green leaves on tall stems. Excellent landscape performance.

- Berry Sparkler
- Blue

Serenita® F₁ Series

Height: 30 to 35 cm

Spread: 30 to 35 cm

Supplied as easy-to-sow pelleted seed. More compact and manageable than Serena on the bench and in the garden.

Serenita is ideal for hot climates.

Serenita is also an ideal choice for mixed containers where a shorter-structure Angelonia is desired.

Long-lasting colour with very little maintenance.

ANTIRRHINUM

ANTIRRHINUM MAJUS

Madame Butterfly

Height: 65cm

Spread: 45cm

Unusual, azalea-shaped snapdragon flowers. Creates a riot of colour throughout summer. Perfect for a long-lasting display in garden beds, borders and containers. This award winning variety also makes a superb cut flower.

Rocket

Height: 76 - 91cm

Width: 41 - 46cm

Vigorous, heat-tolerant plants reach a uniform height and are topped by excellent-quality, closely set blooms in a comprehensive array of colours. Flowers well under long days. Versatile snaps are useful as both a landscape series and as field-grown cut flowers. Planting early, the home gardener can get two crops of stems.

- Mix

ANTIRRHINUM MAJUS -CONT

Snapshot

Height : 15 - 25cm

Width : 25 - 30cm

Picture Perfect Snapshot delivers just the right balance of earliness and good pack performance, combined with strong garden performance. Bushy, compact plants make closely spaced, full flower spikes. Uniform flowering with a 7-day window for Spring and Autumn sales in packs and small pots.

Aquilegia EARLY BIRD

Low cold requirement & short juvenility for growing in warmer winter climates. Controlled habit, with relatively short stems on well-mounded plants.

AQUILEGIA

Aquilegia x hybrida

Earlybird

Height: 25 to 30 cm

Spread: 20 to 25 cm

Strong, new colours and colour combinations spark new interest in Aquilegia. This new series has a low cold requirement and short juvenility for growing in warm Winter climates. Features a controlled habit, with relatively short stems on well-mounded plants. A flowering window of 10 to 12 days, plus a short harvest window, make it an excellent choice for early-Spring programs.

Hula

Height: 15 to 25 cm

Spread: 50 to 70 cm

Hula is a unique spreading type of begonia that is highly branched with lots of small flowers. Its trailing habit is perfect for baskets and containers.

Provides an instant performance advantage for landscapers, with masses of flowers showing on top. The series is daylength neutral and it is the earliest interspecific begonia to flower, with timing similar to BabyWing. Smaller flowers compared to Big or Dragon Wing, but the high number of flowers gives a great colour impact. Hula starts to spread at an early stage, and along with early flowering, it provides growers with a high-quality, attractive, saleable plant that is covered with blooms at retail, in both hanging baskets and smaller pot sizes.

Begonia tuberhybrida

AmeriHybrid

Height: 35 to 50 cm

Spread: 25 to 30 cm

AmeriHybrid tuberous begonias provide a wide selection of colours along with some of the world's largest blooms! This exciting collection can be sold at a premium price point at retail, and it results in faster turnover in the market.

AmeriHybrid Ruffled begonias boast the largest blooms in the world! That's the result of over 100 years of patient breeding and hybridising. Each flower has a highly consistent double shape. Picotee varieties have large, 10 to 20-cm, bicolor blooms. The Lace types are an inverted variety of a normal picotee; these blooms have light edges on dark-coloured petals.

Bergenia Shoeshine Dark Leaved

Bidens Bee Meadow

BERGENIA

Bergenia cordifolia

Shoeshine Dark Leaved

Height: 20 to 25 cm
Spread: 25 to 30 cm

A new variety of Bergenia notable for dark glossy green foliage paired with deep rose color blooms. Bergenia is a tough garden perennial that is extremely hardy and thrives in a range of conditions. Shoeshine flowers in early spring making it ideal for early season perennial color and pairs well with other early season perennials like Iberis.

- Rose

BIDENS

Bidens ferulifolia

Bee Meadow

Height: 35 to 45 cm
Spread: 45 to 55 cm

Crisp, pure white blooms on vigorous plants. Ideal for brightening landscaped beds, with less plants needed to fill the beds. Also great in containers, baskets and mixed containers.

Blazing

Height: 30 to 35 cm
Spread: 30 to 35 cm

The Blazing series of Bidens needs little to no PGRs. The collection is available in various habits and flower colors. These early-flowering varieties continues to bloom through Summer.

- Blazing Star
- Blazing Ring of Fire

Golden Empire

Height: 20 to 25 cm
Spread: 25 to 30 cm

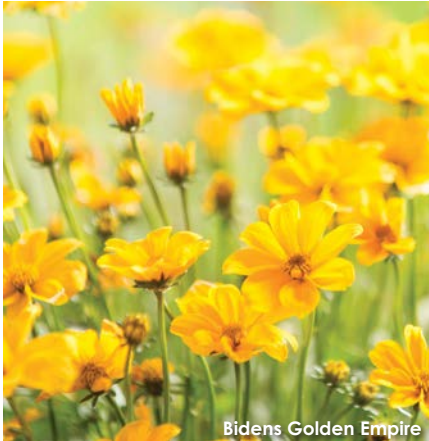

The new generation of Bidens. Unique, upright habit with an abundance of extra-large, golden flowers. Early and continuous flowering, Golden Empire is excellent for small and medium pots. Beautiful in mixed containers.

Pretty in Pink

Height: 30 to 35 cm
Spread: 20 to 25 cm

Upright, compact variety produces an abundance of pink flowers with purple stripes. Fast growing and early blooming, Pretty in Pink is perfect for mixed containers or as a stand alone.

Bakari

Cha-Cha Diva Apricot

Bakari

Height : 25 to 40 cm

Width : 25 to 40 cm

Like the roar of a setting sun, the glow of Calibrachoa Bakari® casts a spell over all who gaze upon it. The extraordinary colour spectrum of the flowers playing with red, orange, pink, and yellow is in perfect sync with the setting sun. And how they love the sun – with an early flowering and a mounding, trailing growth they make a strong impression in locations with full sun. **Bakari is a Swahili name with the meaning "hopeful and promising",**

Cha-Cha Diva Hot Pink

Cha-Cha Fuchsia

Cha-Cha Red Kiss

Bumble Bee

Height : 15 to 30 cm

Width : 30 to 60 cm

A large, cascading calibrachoa covered in blooms with a vibrant, unique bicolor pattern. Flowers stay open even under the lowest light conditions. Strong adaptability: specially selected to stand up to harsh conditions. This variety stands out with a vibrant yellow throat and dramatic hot pink hue. Its unique pattern and colour make it perfect for eye-catching baskets and combos in the garden.

- Hot Pink

Cha-Cha

Height : 15 to 30 cm

Width : 30 to 60 cm

The new Cha-Cha series is 25% more vigorous than Cabaret, with large, cascading blooms. This easy-to-produce series is uniform in size with an early flowering time. Perfect for large containers, hanging baskets and mixes. Diva colour shifters have novelty appeal.

Purple Wedding

CARNATION 🌞

DIANTHUS SPP

Aura

A special novelty with a special charisma: Aura. With its strong, upright growth and bright pink flowers with a white edge, the new stand-alone carnation is suitable for large pots, among other things. For positive vibes at home!

Early Love

The variety with large, double flowers on short stems – growing out in a distinctly rounded form, this variety resembles a bouquet of flowers. Flowers shelf life is longlasting and very good. This is a hardy variety that is suitable for any pot size.

I Love You

Height: 20 to 25 cm

Spread: 15 to 25 cm

This new variety features double flowers with delicate, wavy edges that change their appearance and colour during growth from pink, to a lighter pink and finally to white. This variety also has compact growth and a rounded appearance.

Peach Party

The variety with the unique play of colours – in spring, this variety features a highly attractive, apricot-coloured bloom. In summer, the variety develops a vivid red eye. Peach Party has single, numerous flowers, and is hardy and suitable for any pot size.

Pink Kisses

Height: 25 to 35 cm

Spread: 30 to 45 cm

Pink Kisses® Dianthus is irresistible. This beautiful stand-alone variety with numerous little bicolour flowers and a sexy image conquers growers' and consumers' hearts equally. Pink Kisses has a compact growth and is well branching, so few pinches and PGR's are necessary. Perfect for a 10 or 12cm pot, Pink Kisses makes an ideal gift item and is also great in the garden.

Purple Wedding

The variety with incredible flowerage – dozens of flowers and flower buds backed by dark green leaves start to appear very early. The flower comprises three different colours, making this variety a real eye-catcher. This is a hardy variety that grows best in pots measuring up to 12 cm.

Lillipot Mix

Height: 20 to 25 cm
Width: 10 to 13 cm
Masses of 5cm flowers cover uniform, basal branching plants. Ideal for 10cm pots.

Chabaud Choice Mix

Height: 50 cm
Displays double flowers with a lovely perfume. Carnations grown from seed cannot be compared with the commercial cut flower Carnations, which are multiplied by means of cuttings. However the seed grown Carnations are still excellent for borders and flower beds.

Carnation Lillipot Mix

Carnation Chabaud Choice Mix

CELOSIA

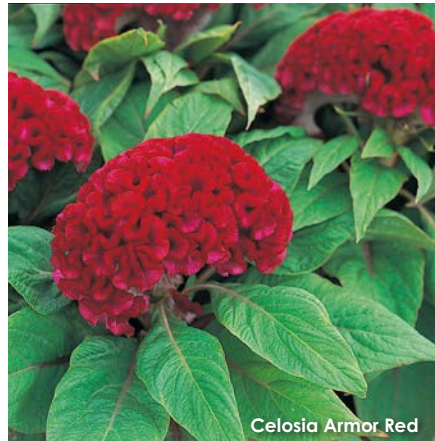

C. CRISTATA (COCKSCOMB CELOSIA)

Armor

COTYLEDON - SEE SUCCULENTS

CRASSULA - SEE SUCCULENTS

CROSSANDRA 🌞

CR. INFUNDIBULIFORMIS

Crossandra Tropical

Height: 25 cm

Spread: 20 cm

Heat-tolerant continuous bloomer makes a premium landscape plant in tropical and semi-tropical areas. Also performs well indoors.

- Flame
- Yellow Splash

CUPHEA 🌞

C. HYSSOPIFOLIA

Cuphea Hyssopifolia

Height: 20 to 50 cm

Spread: 50cm to 1 m

Cuphea hyssopifolia is a compact, bushy spreading evergreen shrub, with small, lance-shaped dark green leaves and small clusters of flowers.

- Violet
- White

C. PROCUMBENS

Cuphea Sweet Talk

Height: 20 to 35 cm

Spread: 20 to 35 cm

Heat-loving plants put on loads of flowers in bright colours. Natural source of nectar for birds, bees and other pollinators. Use in containers and garden borders. Ensure plug is planted deep in pot when transplanting.

- Deep Pink
- Lavender Splash
- Red

CUPHEA RAMOSISSIMA

Pink Shimmer

Height: 25 to 40 cm

Spread: 30 to 45 cm

A profusion of petite flowers cover the delicate leaves all Summer long. Pink Shimmer can be easily sown for efficient plug production. Offers improved natural branching over other varieties. Great for use in combinations of all kinds. This reblooming gem requires no deadheading and looks great even under hot conditions.

CYCLAMEN F₁ C. persicum

STANDARD CYCLAMEN

Halios

Height: 30 to 40 cm

Spread: 30 to 40 cm

Compact plants have large blooms on strong stems over dark marbled foliage. Performs well across a range of conditions, including high heat/light. Flame varieties have a consistent narrow white edge.

Standard varieties are more vigorous and best in larger pots (14 to 22 cm):

- HD Flame Mix
- Mix
- Curly Mix
- Curly Flame Mix

Halios Mix

INTERMEDIATE CYCLAMEN

Latinia Series

Height: 25 to 35 cm

Spread: 25 to 35 cm

Abundant, large blooms are well-centered on very compact, early-flowering plants. Excellent flowering uniformity. Great for outdoor use.

- Flamed Mix
- Mix

Halios Curly Mix

Latinia Select Series

Height: 25 to 30 cm

Spread: 25 to 30 cm

"Fancy" varieties offer the same outstanding Latinia performance on a slightly more compact plant. Fantasia varieties produce bicolor, white-rimmed flowers with thick petals curved out at the rim like a spoon.

- Fantasia Mix

Latinia Success Series

Height: 25 to 30 cm

Spread: 25 to 30 cm

Excellent uniformity across all colours makes this the ideal choice for high density programs. Slightly more compact with bigger blooms than the Latinia series. Early, large-flowered plants grow strongly even in high temperatures.

- Mix

Latinia Success Mix

Latinia Flame Mix

Latinia Select Fantasia Mix

Tianis Mix

Tianis Series

Height: 15 to 23 cm

Spread: 14 to 25 cm

Produces an abundance of very uniform, long-lasting, mid-size flowers. The plants are more compact than Latinia Select varieties and flower 2 to 3 weeks earlier. Fantasia varieties produce bicolour, white-rimmed blooms with thick petals that are curved at the rim like a spoon.

Best for 10 to 13 cm pots.

- **Select Fantasia Mix** Scarlet Red, Deep Rose, Deep Magenta and Purple.
- **Flame Mix**
- **Mix**

MINIATURE CYCLAMEN

Metis Series

Height: 15 to 25 cm

Spread: 15 to 25 cm

Strong mini-plants provide pure, long-lasting colour and excellent shelf life. Good in gardens and mixed colour bowls. Silverleaf varieties feature dark foliage with silver mottling. Best for 8 to 13 cm pots.

- **Flamed Mix**
- **Mix**
- **Silverleaf Mix**

Delphinium Belladonna Sky Blue

Delphinium Bellamosum

DELPHINIUM Perennial

DELPHINIUM BELLADONNA

Belladonna

Height: 75 to 90 cm

Width: 25 to 30 cm

Light Blue single flowers.

- Sky Blue

Bellamosum

Height: 80 to 100 cm

Width: 20 to 25 cm

True blue Delphinium has improved uniformity and colour. Fast-growing, multiple-flush crop needs just 12 to 16 weeks from plant to finish. Heat tolerant with low disease sensitivity, versatile Blue Donna can be grown as a hardy perennial, backyard cut flowers or annual in professional indoor or outdoor production.

Casa Blanca

Height: 1.1m

Width: 25 to 30cm

Pure white version of Belladonna; contains a small percentage of pale blue flowers. Ideal for cut flowers.

- White

DELPHINIUM GRANDIFLORUM

Summer

Height: 30 cm

Spread: 30 cm

Profusely branching genetically compact dwarf larkspur with masses of flowers in attractive colours. The Summer series is earlier to flower with better heat tolerance than other delphiniums of this type. All colours do not require vernalisation and can be grown as annuals. Ideal bedding or in containers.

DIANTHUS

D. BARBATUS INTERSPECIFIC SINGLE-FLOWERED TYPE

Amazon F₁ Series

Height: 45 to 60 cm;
Spread: 25 to 30 cm
Dark green, glossy foliage sets off the vibrant blooms on this strong-stemmed, heat-tolerant series. Amazon does triple duty as a landscape/bedding plant, home garden cut flower and commercial cut flower. Well-suited to larger pot production. Excellent late-season performer. Vernalization is not required.

- Lavender Magic
- Neon Cherry
- Neon Purple
- Rose Magic

Jolt Series

Height: 40 to 50 cm;
Spread: 30 to 35 cm
The most heat tolerant interspecific Dianthus delivers Shocking Summer Colour!
Grower-friendly, well branched plants are easy to produce with fewer or no PGRs. Ideal for Summer premium pots and containers. Strong dark green foliage.

- Cherry
- Pink
- Pink Magic
- Purple

D. BARBATUS

Barbarini

Height: 10 to 20 cm
Spread: 10 to 20 cm
First-year flowering Dianthus with no vernalization required. Compact, branching habit, fully winter hardy. Versatile series fits into annual or perennial programs for spring or autumn.

- Mix

D. BARBATUS

Dart F₁ Series

Height: 15 to 30 cm

Spread: 15 to 20 cm

It's your turn to win with the NEW Dart Series. Save money on crop time, heating, chemical use and space in the greenhouse. Dart is 1 to 2 weeks earlier than other varieties, with no heat required for production. And, it requires fewer to no PGRs to fit in a range of pot sizes, saving growing space as well as making shipping easier. With retail-ready colour and better blooming potential, Dart will be the series to beat at retail, decreasing costs and increasing sales.

- **Magician**
- **Purple**
- **Red White Picotee**
- **Scarlet (1 week later to flower)**
- **White**

Dash F₁ Series

Height: 38 to 50 cm

Spread: 30 to 35 cm

Compact, basal-branched and early-flowering series needs fewer PGRs than others of this type, and is the best D. barbatus for 10-20 cm pots. No vernalization needed allows easy year-round, low-energy production. Long, strong, straight stems hold bright, fragrant blooms. Long-lasting at retail, and well-suited to planters and landscapes with no staking needed.

- **Crimson**
- **Magician** - opens white and matures to shades of lavender

Foxy

Height: 70cm

Width: 60-80cm

Lovely mixture which flowers within 5 months from sowing if sown in early Autumn.

- Dwarf Foxy Mix

DIGITALIS HYBRID

F1 Panther

Height: 30 to 50 cm

Spread: 20 to 30 cm

Digitalis F1 Pink Panther is a performance power house. First year flowering, plants are quick to flower and compact for efficient shipping. Heavily branching plants produce multiple spikes at one time without a pinch. Flowers are sterile which make them long lasting. In addition to its superior flower quality, Pink Panther's foliage is small creating a perfectly balanced plant. The overall impression roars premium plant that consumers will pounce on. It's also great at attracting pollinators.

DIPLADENIA

Tender Perennial

Dipladenia sanderi

Diamantina

The exquisite Diamantina® range offers unique colours, flower forms and habits to suit all tastes and situations.

Amethyst

Produces numerous large, vibrant violet flowers on a climbing plant that remains compact and does not exceed 50 cm high.

- Violet

Citrine 2.0

Improved variety is ideal for patio or garden containers with a support (like a trellis). The world's first yellow dipladenia! Hand-training is no longer required.

- Yellow

Emerald

Well-branched variety is bushy to semi-climbing. It bears particularly large (7-9cm) flowers in a unique colour.

- Amber Star

Jade

The first real compact series in the market. Unique range of colours that makes life easier for high mass growers who like to produce in 10-15 cm pots. These plants don't need support and will flower with bright coloured mid-sized flowers. Jade is more day length neutral making it one of the first flowering Mandevilla.

- Grenat
- Pink
- Scarlet (previously red)
- White

Jade XXL

Compact and easy to grow like Jade, but with larger flowers that can reach 7 to 9 cm in diameter.

- Strawberry Red
- White

Opale

To be grown on a treillis of 40 to 45 cm height. Suitable for planters and containers.

- Grenat

Quartz

Flowers are rounded and enhanced with a large yellow throat that creates a contrast to the deep rose colour of the petals. Varieties are solid and resistant to bad weather conditions.

- Pink Yellow

Tourmaline

Compact and very floriferous, suitable for large containers. Unique, large star shape flowers. The "non-climbing" habit helps to keep labour cost on a low level as there is no need to attach the branches to a support.

GAILLARDIA 🌻 Perennial
Gaillardia x grandiflora

F1 Mesa

Height: 40 to 45cm
Width: 50 to 55cm

The first F1 seed Gaillardia, Mesa makes very uniform plants with more flowers than other varieties. Intense, non-fading blooms are produced all season on upright, well-branched plants. Vigorous and early flowering, Mesa maintains a controlled height without "flopping over". Very drought tolerant once established, Mesa has proved excellent for South African gardens and containers.

- Bright Bicolour
- Red
- Yellow

Mesa Yellow

Mesa Red

GAURA 🌻

GAURA LINDHEIMERI

Sparkle

Height: 30 to 61 cm
Width: 30 to 51 cm

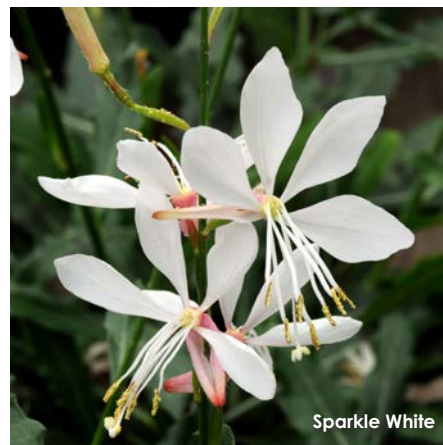

A First-Year-Flowering Perennial.

Early-blooming, naturally compact and free-flowering variety is easy to grow, with no pinching necessary. Can be finished in 10 to 15-cm pots to save labour and bench time. Durable, drought-tolerant variety is compact enough for containers and floriferous enough to use as a bedding plant.

- White

Mesa Bright Bicolour

Sparkle White

Open Pollinated

Height: 90cm
Width: 25 - 30cm
Can be grown as an annual. Graceful flower spikes in white and rose.

- Rosy White

Belleza Early White

Belleza Pink

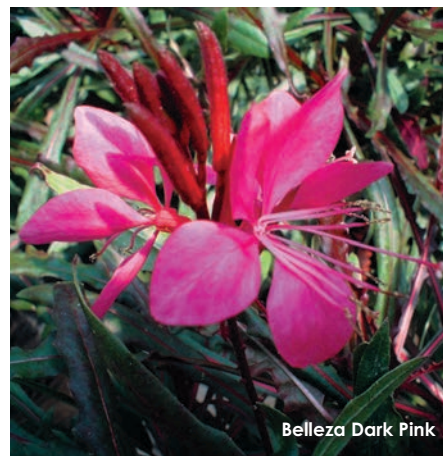

Belleza

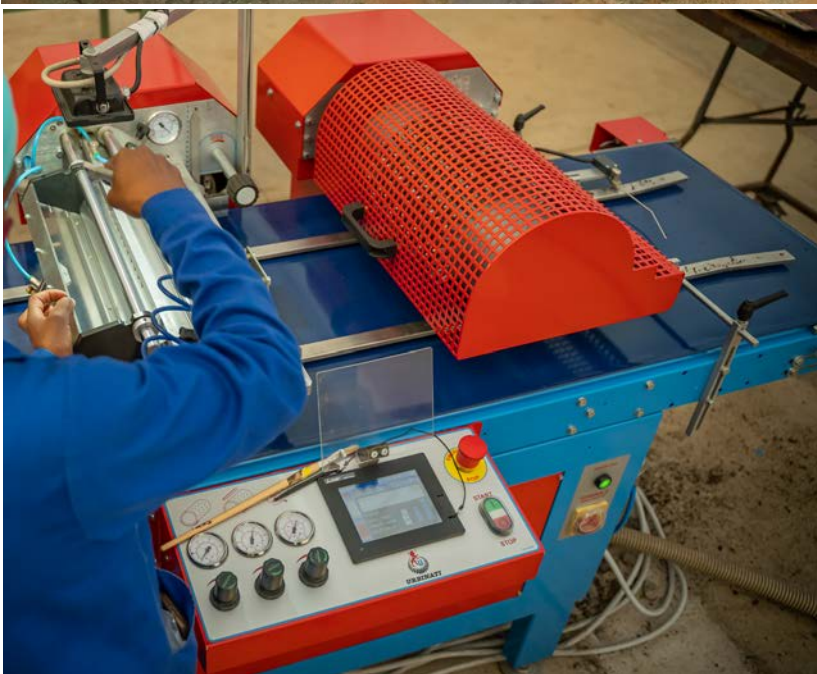

Height: 30 to 46 cm
Width: 51 to 61 cm

Excellent branching with short flower stems, Belleza has an upright habit that looks great in borders. Great companion plant.

Belleza Dark Pink

GAZANIA Indigenous

G. RIGENS

F1 New Day™

Height: 20 to 25 cm

Spread: 15 to 20 cm

Bred to deliver a more compact and bulkier plant with bigger flowers on shorter peduncles, New Day is easier to produce for growers, and offers better holdability at retail. Landscapers and consumers will appreciate this drought-tolerant series for its excellent performance in landscapes, containers and baskets. Well-suited to high-density pack programs.

Lamium White Nancy

Lavender allardii Meerlo

Lavender Blue Spear

Lavender Avignon Early Blue

LAVANDULA ANGUSTIFOLIA

Avignon Early Blue

Height: 25 to 30 cm

Width: 20 to 30 cm

This tight, well-branched and strong-stemmed variety produces deeper blue flowers earlier than similar English Lavenders. Grown as annual in the early cool season, Avignon Early Blue finishes about 2 weeks earlier than other varieties. Critical daylength is only 10 hours and Avignon Early Blue grows better in cool conditions.

Blue Spear

Height: 25 to 35 cm

Width: 20 to 30 cm

The showiest English Lavender you can grow and sell! Blue Spear shows off bigger, taller spikes than any other seed lavender, with more upright flower stems that stand closer to each other for huge impact from a distance. Very easy to grow, with high uniformity, good habit and earliness (if grown with minimum 13-hour daylength).

Hidcote Blue

Height: 30 to 45 cm

Width: 30 to 45 cm

Hidcote Blue is a bushy dwarf evergreen shrub with narrow, silvery-grey leaves and small deep violet-purple flowers in dense, aromatic spikes 3-4cm in length

True English Lavender

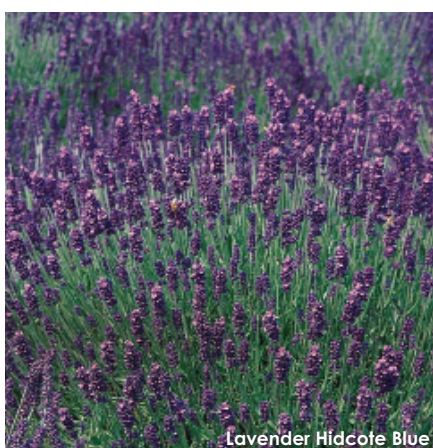

Height: 30 to 50 cm

Width: 20 to 25 cm

Grey-green foliage with violet blue flowers.

Lavender Spanish Eyes

Lavender Hidcote Blue

LAVANDULA INTERMEDIA

Margaret Roberts

Height: 75 cm to 1 m

Width: 60 to 75 cm

One of the most popular landscape lavenders that looks good planted en masse as well as in containers. Fine aromatic leaves and small blue flowers on long stems. Needs trimming after flowering to prevent it becoming too woody.

Lavender Margaret Roberts

LAVANDULA MULTIFIDA

Spanish Eyes

Height: 30 to 50 cm

Width: 20 to 25 cm

Bright blue, fragrant flowers and soft, fernleaf-type foliage. Long blooming, upright plants have good weather tolerance and are very heat tolerant.

LAVENDER Perennial

LAVANDULA DENTATA

Candicans

Height: 60 to 90 cm

Width: 1 to 1.5 m

Also known as French Lavender, *Lavandula dentata* is a spreading shrub, growing up to 1 m high and wide. It has upright branches, is woody at the base and produces long flower stems. Candicans shows off pale purple flowers above serrated, soft grey leaves.

Lavender Candicans

Lavender Royal Crown

Royal Crown

Height: 50 to 60 cm

Width: 50 to 60 cm

Royal Crown is a compact, rather tender evergreen shrub growing to 60cm in height. Displays narrow, dark green leaves with finely toothed margins, and long-stalked spikes of small purple flowers topped by pale purple bracts

Lavender Grosso

LAVANDULA INTERMEDIA

Grosso

Height: 45 to 55 cm

Width: 45 to 60 cm

Lavender Grosso has both excellent heat and cold tolerance, plus boasts huge flower heads and a rich fragrance. This profuse bloomer is ideal for drying and culinary use, and is known for it's use for essential oils. Whether planted for it's uses, or it's spectacular show in a garden, Grosso is a winner.

Anouk Burgundy

Anouk Burgundy

LAVANDULA STOECHAS

Anouk

Height: 35 to 45 cm

Spread: 30 to 35 cm

Outstanding in containers and landscapes. These reblooming Spanish Lavenders have excellent weather tolerance and retail shelf life. High resistance to foliar disease. Unique colour breakthrough!

- Burgundy

Bandera

Height: 18 to 23 cm

Spread: 25 to 30 cm

A breeding breakthrough – Bandera was the first professional-quality seed *Lavandula stoechas* on the market. It produces a compact and bushy "no-pinch" plant with great flower power just 11 to 14 weeks from transplant. Gardeners will be thrilled with its good secondary flush of flowers and the way the plants keep their dense, mounded habit without falling open.

- Deep Purple
- Deep Rose

Bandera Deep Rose

Lavender Holland Supreme

Lavender Stoechas Pink

Holland Supreme

Height: 20 to 25 cm

Spread: 25 to 30 cm

Ever popular and ultra uniform Lavender Hollandhas dark purple flowers with gray foliage. Hardy with excellent retail shelf life. Beautiful habit and great garden performance.

Lavender Stoechas

Height: 30 to 60 cm

Width: 30 to 60 cm

Traditional varieties of this romantic dwarf shrub.

- Pink
- Purple

Primavera

Height: 40 to 45 cm

Width: 35 to 40 cm

This unique new Lavender stoechas is topped with intense burgundy flags above small purple flowers. Spectacular habit and garden performance. Unlike other Lavender of this type, this new addition will flower during the Summer months in the milder parts of the country, as well as mid-Winter in the hotter parts. It really is the most versatile of the bunch!

Low-care, trailing plant has lime green leaves that turn iridescent in the sun. Self-cleaning. Recommended for use in mixed containers and baskets.

MARIGOLD

All marigold seed is de-tailed except Open Pollinated types.

AFRICAN MARIGOLD *Tagetes erecta*

F1 Taishan®

Height: 25 to 30 cm
Spread: 20 to 25 cm
Improved habit, flower size and colours! With 20% shorter peduncles and 15% thicker stems than the market leader, Taishan stands tall with less stretch on the bench, and less breakage in shipping and at retail. With more aggressive side branching, Taishan fills packs quickly and delivers a healthy look. Large flowers hold their doubleness and shed water well. At retail, the big, tightly petaled blooms on super-strong stems look terrific with less waste, better tolerance of overhead watering and longer shelf life. Gardeners and landscapers will appreciate the full plants and season-long shows of high-impact colour.

Great backdrop plant, also works well in mixed containers. Exceptionally long blooming and very hardy. Grows in heat and drought and always looks fresh. Aromatic, silvery foliage carries clouds of small blue flowers on strong silver stems that do not break or split easily. Pinch for optimal branching. Attracts bees.

Pentas Glitterati Red Star

Northern Lights Lavender

Bluesette

Height: 35 to 55 cm

Spread: 35 to 60 cm

This novelty variety has a controlled habit, early flowering and early finishing, making growing Perovskia for the consumer and landscape market easy. This facultative long-day plant will flower earlier in long days, as well as in higher light intensity and temperatures.

Perovskia Blue Steel

Perovskia Bluesette

A large, overflowing planter of yellow petunias against a blue sky with clouds. The planter is made of dark wood and is filled with a dense mass of bright yellow flowers. The background shows a clear blue sky with scattered white clouds. The foreground is a close-up of the yellow petunias, showing their characteristic trumpet shape and vibrant color.

Petunia Amore Heart and Soul

Petunia Bees Knees

Bees Knees

Height: 20 to 25 cm

Spread: 40 to 55 cm

Bee's Knees is filled with lush blooms and puts on a high-impact show all season long with very little attention. It brings the most intense yellow petunia to the market, along with the best performance! It features dark green foliage and outstanding branching.

Hippy Chick Violet

Height: 25 to 30 cm

Spread: 25 to 30 cm

A unique looking Petunia for premium baskets and containers. Hippy Chick violet features a unique shaped bloom and vivid, violet colour rimmed in bright white. Semi trailing habit. We've been very impressed at it's nonstop garden performance in our trials.

Petunia Orchid Frost

Petunia Hippy Chick

Orchid Frost

Height: 25 to 35 cm

Spread: 40 to 60 cm

Unique bloom shape and watercolour pattern draws attention. Orchid Frost has a vigorous growth habit and is well suited for premium containers. It boasts XL flowers, is early flowering and day neutral.

Splash Dance

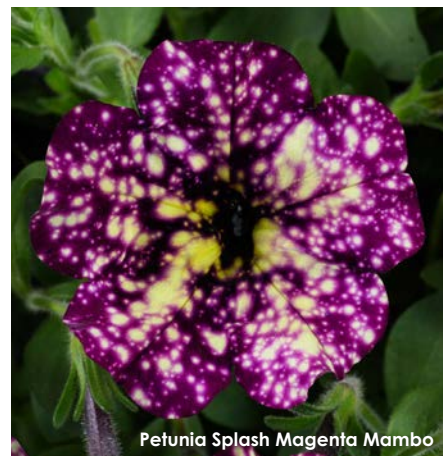

Height: 25 to 30 cm

Spread: 25 to 30 cm

Splash Dance petunias bloom early and hold their speckled colouration into the heat. Magenta Mambo has wowed us with vibrant purple flowers, multi-colored specks and a controlled mounding habit.

Baby Doll Improved

Petunia Splash Magenta Mambo

Cherry Sky '25 (improved)

Petunia Circus Sky

• Magenta Mambo

Baby Doll Improved

Height: 25 to 30 cm

Spread: 30 to 40 cm

A tidy and neat Petunia that sparkles with pink blooms and a unique white colour pattern. Compact habit, plants will bloom from spring through to late summer.

Cherry Sky

Height: 25 to 40 cm

Spread: 50 to 70 cm

Medium-vigor, mounded petunia is early flowering for a fast finish. Large strawberry-red blooms have a white speckled pattern that offers outstanding stability and reliability.

Circus Sky

Height: 25 to 40 cm

Spread: 50 to 70 cm

Circus Sky has an interesting colour break, quite different from the previous Sky varieties. The rich pink flowers have a combination of star effect spotting and stripes, making this a real head-turner. The habit is similar to NightSky; a strong, semi-trailing habit with excellent branching, early flowering and good weather tolerance.

Night Sky

Height: 25 to 40 cm

Spread: 60 to 90 cm

Ground Breaking new colour pattern on a mounded trailing petunia variety. This might be the most distinctive bloom you've ever seen on this planet. Starry white-on-purple pattern sparkles like the night sky. Provides spectacular displays in a window box, container, or massed front of the border. Due to the varying colour pattern of Night Sky, we do not warrant Night Sky to flower in a consistent colour or pattern and no claims will be accepted.

Sweetunia

Height: 15 to 30 cm

Spread: 30 to 45 cm

Sweetunia varieties have a full habit that boasts a profusion of brightly colored and uniquely patterned blooms. The series is known for a medium upright habit and vigor, making them ideal for several container sizes and to be used as fillers in combination containers.

PETUNIA ☀️
P. x hybrida

SPREADING/TRAILING PETUNIA

Petunia x hybrida

Tidal Wave® Series

Height: 40 to 55 cm

Spread: 75 cm to 1.5 m

Flower Size: 5 to 6 cm

The tallest of the Wave petunia family, Tidal Wave create a very full, shrublike plant that is ideal for landscapes and large containers. The growth habit is based on how closely the plants are spaced in the garden – the closer the spacing, the taller the plants. When spaced a minimum of 30 cm apart, plants form a dense, mounded hedge. Grown in a restricted space with support, they will grow an extra 60 to 90 cm upward, like a vine. When given plenty of space, these petunias make a floriferous groundcover. Excellent *Botrytis* tolerance and quick recovery from rain.

- Silver

Shock Wave® Series

Height: 17 to 25 cm

Spread: 75 to 90 cm

Flower Size: 4 to 5 cm

Shock Wave delivers the best reboundability and is early to flower. Plants bloom in a tight and consistent, 4 to 6-day window, and combine fast flowering with strong branching to deliver the quickest fill in baskets. Ideal for early-season sales, Shock Wave performs equally well in small spaces, hanging baskets, containers and mixed combos, producing a mounded, spreading plant. Well-suited to a wide range of production sizes.

Salvia Blaze of Fire

SALVIA NEMOROSA

New Dimension

Height: 20 to 25 cm

Spread: 15 cm

Economical and easy-to-produce duo creates large, compact and well-branched plants topped by strong-coloured flowers that are long-lasting in the landscape. Well-matched series finishes fast with no PGRs needed. First-year flowering perennial fits into annual production schedules. Suited to 10-to 20 cm containers.

- Blue
- Rose Improved

Salvia Vista Mix

Salvatore

Height: 25 to 30 cm

Spread: 15 to 20 cm

Premium-look salvia features the largest spikes and the deepest coloured calyx, spikes and flower in Salvia nemorosa from seed. More vigorous than New Dimension™ Blue. Features black stems on well-branched plants. Ideal for annual and overwintering production..

- Blue

Salvia New Dimension Blue

Salvia New Dimension
Rose Improved

Salvia Salvatore Blue

SALVIA GREGGII

Mirage

Height: 30 to 35 cm

Spread: 35 to 40 cm

Bold, brightly coloured blooms stand out at retail and in the landscape. Self-branching, mounded habit resists breaking for easy shipping and less shrink. Heat-tolerant series.

Salvia Mirage Burgundy

Salvia Mirage Cherry Red

Salvia Mirage Deep Purple

SALVIA SPP

Big Blue

Height: 90 to 120 cm

Spread: 90 to 120 cm

Vigorous flowering annual in a sales-inspiring clear blue colour. The first of its type from seed, this big beauty will pump up mid-Summer sales in large containers.

Salvia Mirage Pink

Salvia Mirage Rose Bicolour

Salvia Mirage White

Black and Bloom

Height: 90 to 120 cm

Spread: 90 to 120 cm

Big impact: thicker leaf, bigger bloom and darker stem than Black & Blue. Tough as nails – thrives in heat, drought and humidity. Desirable blue colour against the black stem stands out in every landscape or container.

Salvia Big Blue

Salvia Black & Bloom

Salvia Plum Crazy

Plum Crazy

Height: 90 to 120 cm

Spread: 90 to 120 cm

Displays nice burgundy flowers. Great pollinator plant. Attracts butterflies and other pollinators.

Purple and Bloom

Height: 100 to 120 cm

Spread: 90 to 120 cm

Large-bodied plant is great for the landscape or large containers, offering excellent Summer garden performance. This salvia is 25% more compact than the leading competitor, and it is easy to produce, requiring less PGRs. It offers the same flower power and performance as 'Black & Bloom'.

Salvia Purple & Bloom

Salvia Mystic Spires Imp

Salvia Mystic

Mystic Spires

Height: 45 to 60 cm

Spread: 30 to 45 cm

A premium variety that can command a higher price point, Mystic Spires Blue delivers excellent garden performance that keeps gardeners coming back. The sturdy, dark green-leaved plants are naturally compact, well-branched and very free-flowering. Heat-hardy plants are great for late Spring/Summer sales.

Salvia Salmia Orange

Salvia Salmia Purple

Salvia Icterina

Salvia Purpurascens

Salvia Tricolour

Mysty

Height: 30 to 45 cm

Spread: 30 to 45 cm

This compact salvia is about 25 to 35% less vigorous than Mystic Spires, making it a better variety for pots, containers and mixes. Covered with true blue flowers all season, the dark green-leaved plants are naturally more compact, well-branched and very free-flowering. Heat-hardy plants are great for late Spring and Summer.

SALVIA SPP

Salgoon®

Height: 40 to 60 cm

Spread: 40 to 60 cm

The garden performance of is truly exceptional. This series offers sturdy and robust plants with many solid and well-packed flower spikes. Known for its drought and heat tolerance, Salgoon is continuously flowering from early spring to late autumn. As Salgoon can be grown quickly, it is one of the earliest Salvias to be available in garden centers from mid-spring onwards.

- Lake Garda
- Lake Strawberry
- Lake Tiflicaca

Salmia

Height: 50 to 90 cm

Spread: 50 to 90 cm

These upright plants put on an amazing display in the garden. Unique coloured blooms make an impact in pots and in landscapes.

- Dark Purple
- Orange
- Pink

SALVIA SPLENDENS X DARCYI

Red Roman

Height: 70 to 85 cm

Spread: 70 to 90 cm

This is the only vibrant red, interspecific salvia on the market! More similar in habit and performance to 'Black & Bloom', with a semi-mounded habit Offers exceptional landscape performance when compared to Salvia splendens.

SALVIA OFFICINALIS Herb
(COMMON SAGE)

Height: 20 to 40 cm

Spread: 25 to 30 cm

These varieties of Common Sage serve double duty in the garden, as both a culinary herb and an ornamental perennial.

- Icterina Green and gold coloured foliage. Scented.
- Purpurascens Purple form.
- Tricolour Multi-coloured form with aromatic foliage.

SCABIOSA Perennial

SCABIOSA COLUMBARIA

Butterfly Blue

Height: 30 to 45 cm
Spread: 30 to 35 cm
Compact, tidy mounds of deep green basal leaves with wiry stems hold single, round, lavender-blue flowers. Attracts butterflies and bees.

Flutter

Height: 30 to 35 cm
Spread: 25 to 30 cm
Compact habit and shorter flower stems for a tidier, more attractive perennial garden. Deeper colours, better habit and larger flowers than 'Butterfly Blue' and 'Pink Mist'. Neater displays for greater sell through at retail. Hardy plants with long flowering windows. Very disease-resistant.

- Pure White

Pink Mist

Height: 30 to 45 cm
Spread: 30 to 35 cm
Compact, upright habit is similar to 'Butterfly Blue'. Green, textured leaves are topped by soft pink, fully double flowers.

SCABIOSA CAUCASICA

Fama Series

Height: 50 to 60 cm
Spread: 40 to 45 cm
Large flowers with strong stems and green, textured leaves.

- Deep Blue
- White

SCABIOSA ATROPURPUREA

Tall Double Flower Mix

Height: 90 cm
Double flowered pin cushion flower.

SCAEVOLA

Scaevola aemula

Bondi

Height: 15 to 25 cm
Spread: 30 to 45 cm
Compact series is easy to grow in small pots for high-density production. Upright habit and good branching keep Bondi looking neat and tidy at retail. Ideal for Summer heat programs – nice in hanging baskets and mixed containers.

Touch

Height: 20 to 35 cm

Spread: 45 to 60 cm

Scaevola Touch boasts a profusion of fan-shaped flowers and green foliage on slightly toothed stems. Drought tolerant plants thrive in hot summer temperatures. Scaevola is pest resistant and self cleaning and ideal for garden beds, pots and baskets.

- Deep Pink
- Indigo

SCHIZANTHUS

Schizanthus x wisetonensis

Atlantis™

Height: 20 to 25 cm

Spread: 30 to 35 cm

Strike it rich with this stunning 'Poor Man's Orchid'. Premium pot plant in a mix of striking solid and bicolor flowers. Less day length sensitive than competitors for easy programming to target early spring holiday sales. Compact, branching plants require fewer PGRs. Economical to grow with low temperature requirements.

- Formula Mix

SEDUM See Succulents

SENECIO

Senecio candicans

Angel Wings

Height : 25 to 30 cm

Width : 25 to 30 cm

This just stops everyone in it's tracks! Leaves like elephant ears, soft like a puppy dog! Angel Wings has silky, silvery white foliage and is a perfect plant for indoors as well as outdoors. Beautiful to use for mixed containers or as a solitary on patio or balcony. Plant Angel Wings in the sun in an acidic, neutral or alkaline soil. This fast growing Senecio is drought and salt tolerant.

Schizanthus Atlantis Mix

Senecio Angel Wings

SHASTA DAISY Perennial
(*Leucanthemum*) 🌻
Leucanthemum x superbum,
Chrysanthemum maximum

F1 Snow Lady

Height: 30 to 35 cm
Spread: 30 to 35 cm
Dwarf, bushy, fast-growing variety bears single, 5cm, white flowers with big, yellow-green centers.

Daisy Queen

Height: 50 cm
Spread: 45 cm
Floriferous plants with pure white blooms - always a must have! Daisy Queen is more compact and earlier flowering than the popular Daisy May.

Goldfinch

Height : 45 to 60 cm
Width : 45 to 60 cm
This is the yellowest flowering Shasta daisy! Long blooming and compact with semi-double flowers. 'Goldfinch' is the product of years of breeding for yellow flowers. Charming semi-double flowers, very slowly and gracefully change from bright lemon yellow to an ivory white.

STACHYS Perennial 🌻

Stachys lanata

Lambs Ear

Height: 30 to 35 cm
A hardy species with spreading habit, grown for its foliage. The leaves are covered with silvery-white hair, which gives it a woolly appearance.

STATICE (Limonium) 🌻

LIMONIUM PEREZII

Atlantis

Height: 60 to 90 cm
Spread: 60 cm
Large clusters of deep blue to purple flowers on strong, wiry stems. Good for cutting and the perennial border.

LIMONIUM SINUATUM

Hipster

Height: 50 to 70 cm
Spread: 30 to 40 cm
First-year flowering, with intense flower colours and dark, dense-growing leaves. Boasts clusters of papery, funnel-shaped flowers. One of the most popular dried flowers. Attracts beneficial insects.

QIS

Height: 75 to 90 cm

Spread: 20 to 25 cm

Widely recognized by professional cut flower growers in the world as a real winner, QIS ('Quality in Seed') is a considerable improvement over standard varieties in uniformity, colour, flower size and stem quality. Suitable for greenhouse and outdoor production, the plants produce clouds of tiny, non-shattering flowers. Also suited to gardens as a home cutflower.

STOCKS (Matthiola)

MATTHIOLA INCANA

Cinderella Series

Height: 20 to 25 cm

Spread: 20 to 25 cm

Dwarf Matthiola series which is selectable for doubleness. Seedlings are easily distinguished as doubles after they are exposed to cold temperatures below 8°C with light. Doubles show pale green cotyledons and singles show dark green cotyledons. Early and long flowering, ideal for the border or in pots.

- Vivid Formula Mix

Hot Cakes Series

Height: 25 to 40 cm

Spread: 15 to 20 cm

Selectable, fully double plugs produce more attractive, green-leaved plants than comparable gray-leaved, non-selectable types which can show up to 50% singles. Very well-branched, dwarf plants have highly fragrant, brightly coloured blooms. Great landscape and garden performance.

- Hot Rose
- Pink
- Purple
- White

Compact, dwarf plants flower about 1 week faster than comparable varieties with better branching. Up to 55% fully

- Mix

STOCKS (Matthiola).

MATTHIOLA INCANA

Katz Series

Height: 25 to 81 cm

Cutflower type that can also be used in the garden - perfect for home cuts. Similar to Japanese extra early flowering types, Katz delivers a shorter crop time, uniformity in flowering for stem length and timing between colours, and better heat tolerance than European or traditional field types. The series can be grown earlier and later in the season, and even year-round in some climates. About 55 to 60% double-flowering, with some selectability possible. Tunnel production is recommended for overall improved quality and for weather protection so that programming is not affected by rain. Nice fragrance and good vase life.

SUNFLOWER (ALSO SEE CUTFLOWER CATALOGUE) *Helianthus annuus*

Sunbuzz

Height : 20 to 30 cm

Width : 20 to 30 cm

Meet the pot sunflower they'll want again and again. SunBuzz keeps pumping out more blooms, thanks to the big show of secondary flowers once the main flower is gone. On the production end, SunBuzz lets you grow and sell a compact plant with fewer PGRs, so you send a good-looking and cost-effective product off to market.

Sunsation Compact

Height : 25 to 30 cm

Width : 25 to 30 cm

With its true genetic compactness, Sunsation® Compact answers to the worldwide demand for products that can be grown PGR free. Richly flowering pot plant series for home and garden, flowering from spring to early autumn. Sunsation flowers for a long time thanks to strong, pollen-free successive flowers.

- Yellow

Dwarf Sunspot

Height: 40 to 60 cm

Single stemmed plants with large 20 to 25 cm golden yellow flowers. Look great in gardens.

SWEET PEA

Lathyrus odoratus

Bijou Mix

Height: 45 to 60 cm

Compact bushes are ideal for border. Produces excellent flowers for cutting.

Mammoth Mix

Height: 45 to 60 cm

Large, early flowers, long stems.

Cupid Mix

Height: 15 cm

Dwarf, bush-type habit that makes it ideal for hanging baskets, tubs and patio containers in sheltered, shaded situations.

Old Spice Mix

Height: 90 to 200 cm

This heirloom collection is a blend of heat resistant varieties with very fragrant flowers. Old Spice Mix is a climbing blend that should be trellised.

VERBASCUM Perennial 🌞
Verbascum hybrida

Southern Charm

Height: 60 to 75 cm

Spread: 30 to 45 cm

Offers a unique blend of creamy yellow, soft lavender and peachy rose shades, each marked with a fuzzy purple "bee." The 60 to 75-cm stems hold florets arranged in pairs; as the first floret dies, the second blooms, doubling the life of the flower spike. While the foliage is a low-growing rosette, the tall, graceful flower stems make it an excellent garden background plant and backyard cut flower that never self-sows or becomes "weedy." The full sun and drought-tolerant plants hold their flowers well. Plants bloom in Spring, go dormant under high temperatures and re-bloom in Autumn.

VIOLA *Viola cornuta*

Sorbet® Series

Height: 15 to 20 cm

Spread: 15 to 20 cm

Sorbet XP delivers the tightest bloom window and a uniform habit, so growers can send the best-looking violas to retail. Plants cover the soil at flowering, with more blooms on every plant and less stretching. Fewer PGRs are needed, holdability is superior, and shrink is cut way back.

Sorbet's F₁ vigour assures greater germination, earliness, and plug and garden performance. Early-blooming Sorbet remains compact in both heat and cold, making it a standout performer in Spring and Autumn. The free-flowering plants perform across a wide range of climatic conditions and are excellent in winter.

Everything Edible

Ball Straathof offers a diverse selection of vegetables, herb, fruit and edible flower seeds, and young plants, to meet the needs of various growers. Whether you're a small market farmer, a bedding and ornamental grower, or a microgreen producer, Ball Straathof provides high-quality products to support your growing requirements. Our range ensures that you have access to the best varieties for a successful and productive season. Please refer to our "Edibles" catalogue for more information.

STRAWBERRY

Fragaria Spp

F1 Beltran

  This vigorous plant produces abundant aromatic fruit throughout the whole summer. Ideal for hanging basket assortment. White flowers.

F1 Elan

  Elan develops vigorous plants with big white flowers. These characteristics will give Elan its best performance in Hanging Baskets.

F1 Gasana

  'Gasana' is the pink sister of 'Toscana'. The large, pink flowers are a feast for the eyes and grow into delicious strawberries throughout the summer.

F1 Milan

  Strawberry F1 Hybrid Milan is a standard flavour variety for open field culture. Milan is a strong growing ever bearer with improved shelf life, productivity and fruit flavour. Milan boasts a fruit weight 15-17% larger than 'Elan'. The fruit has a sweet-soft flavour with Brix values between 9,6 and 10,6.

F1 Roman

  Vigorous plant produces abundant apple blossom flowers and aromatic fruit throughout whole summer. Ideal for baskets and containers.

F1 Summer Breeze Rose

  A new approach in ornamental strawberries. The rose-like double flowers are real eye-catchers. Double type flowers keep their colour for a considerable longer period than the single types. The combination of abundant colour and fresh summer fruit will give consumer the warm feeling of a summer breeze!

- Cherry Blossom
- Rose
- Snow

F1 Tristan

  This compact and early flowering plant produces abundant deep pink flowers and deliciously sweet fruits all summer long. .

F1 Toscana

  Decorative, dark rose blossoms and striking cone-shaped fruit. Flowering and fruiting begins early in the season and continues on the runners.

Fresca

  Produces medium-sized berries from the start of Summer through Autumn. Best in baskets, containers and in-ground.

TERMS AND CONDITIONS OF SALE

INTRODUCTION

These conditions amend and limit certain obligations implied by the common law and limit the extent of liability for breach of contract and/or negligence. They should be carefully considered and any explanation necessary sought before proceeding to order. Ball Straathof limits its liability in this way so that the products can be supplied at a reasonable cost. If liability were not so limited, then the purchase price charged would necessarily increase to cover the cost of undertaking and insuring against unlimited liability. The Purchaser in offering to purchase under these conditions, acknowledges these facts and that accordingly the limitations on liability are fair and reasonable.

1. INTERPRETATION

- a. In these conditions, "Ball Straathof" means Ball Straathof (Pty) Limited, a private company registered with limited liability in South Africa with registration number 2000/029724/07; "Conditions: means the standard terms and conditions of sale set out in this document and (unless the context otherwise requires) includes any special terms and conditions agreed in writing between the Purchaser and Ball Straathof; "Contract" means the contract for purchase and sale of the products; "Plants" means all plants including seedlings & cuttings; "Products" means seed, plants, fertiliser and insecticides and any other products that Ball Straathof may sell; "Seeds" means plant seeds; "Written" means letter, facsimile transmission or electronic mail
- b. The headings in these conditions are for convenience only and shall not affect the interpretation of these conditions

2. BASIS OF THE SALE

- a. Ball Straathof shall sell and the Purchaser shall purchase the products in accordance with any order of the Purchaser which is accepted by Ball Straathof or any written quotation of Ball Straathof which is accepted by the Purchaser subject in either case to these conditions in conjunction with term of discount and financial settlement mentioned in Ball Straathof's catalogue which shall govern the contract to the exclusion of any other terms and conditions subject to which any such quotation is accepted or purported to be accepted, or any such order is made or purported to be made, by the Purchaser, in the case of any conflict, these conditions shall prevail.
- b. Nothing in the catalogue of Ball Straathof or in any document of which these conditions form part, shall constitute any offer to sell and Ball Straathof reserves the right to refuse any offer constituted by an order or otherwise.
- c. No addition, variation or agreed cancellation of this agreement shall be of any force or effect unless agreed in writing and signed between the authorised representatives of Ball Straathof and the Purchaser.
- d. Ball Straathof gives no warranty, express or implied, as to description, quality, or productiveness or suitability of any product supplied by it, and the Purchaser acknowledges that Ball Straathof will not in any way be liable or responsible to the Purchaser for consequential and/or indirect damages such as loss of profit or loss of production. In entering into this contract, the Purchaser acknowledges that it does not rely on, and waives any claim for breach of, any such representations which are not so confirmed.
- e. Any advice or recommendation that may be given by Ball Straathof or its employees or agents to the Purchaser or its

employees or agents as to the storage, application or use of the products which is not confirmed in writing by Ball Straathof, is followed or acted upon entirely at the Purchaser's own risk.

- f. The products sold in terms hereof are sold "voetstoots" to the Purchaser and Ball Straathof shall not be held responsible for any defects therein, whether patent or latent.
- g. Any typographical, clerical or other similar error or omission in any sales literature, quotation, price list, acceptance of offer, invoice or other document or information issued by Ball Straathof, shall be subject to correction without any liability on the part of Ball Straathof.

3. ORDERS AND SPECIFICATIONS

- a. No order submitted by the Purchaser shall deem to be accepted by Ball Straathof unless and until confirmed in writing by Ball Straathof's authorised representative.
- b. The Purchaser shall be responsible to Ball Straathof for ensuring the accuracy of the terms of any order (incl. any applicable specifications) submitted by the Purchaser, and for giving the Purchaser any necessary information relating to the products within sufficient time to enable Ball Straathof to perform the contract in accordance with its terms.
- c. The quantity, quality and description of any specification of the products shall be those set out in the Purchaser's order (if accepted by Ball Straathof) or Ball Straathof's quotation (if accepted by the Purchaser).
- d. Ball Straathof reserves the right to make any changes in the specification of the products which are required to conform with any applicable safety or other statutory requirements, or where the products are to be supplied to the specifications of Ball Straathof, which do not materially affect their quality or performance.
- e. No order which has been accepted by Ball Straathof may be cancelled by the Purchaser, accept with the agreement in writing of Ball Straathof and on terms that the Purchaser shall indemnify Ball Straathof in full against all loss (including loss of profit), costs (including the cost of all labour and materials used), damaged, charges and expenses incurred by Ball Straathof as a result of cancellation.
- f. Notwithstanding that a sample of the product may be exhibited to and inspected by the Purchaser, such sample is so exhibited or inspected solely to enable the Purchaser to judge for itself the quality of the product, and not so as to constitute a sale by sample. The Purchaser shall take the product at its own risk as to their corresponding with the said sample, and subject to the normal variations between the product and the sample accepted by the trade.
- g. Without prejudice to the generality of the foregoing, any particular purpose for which the Purchaser proposes to use the product, shall be deemed not be known by or have been made known to Ball Straathof unless specifically recorded in a schedule signed by one of Ball Straathof's directors. The Purchaser hereby acknowledges that any purpose stated in such schedule shall be deemed to have been specified by the Purchaser.
- h. In the event of market shortages, Ball Straathof may apportion available supplies at its discretion, and, in particular:
 - i) The sale of imported seed is subject to availability from Ball Straathof usual supplier and if such seed is not available from Ball Straathof's usual supplier or from any other sources at a price no greater than that usually contracted for by Ball Straathof with its usual supplier. Ball Straathof may treat the Purchaser's order as cancelled without liability to either party.

- i) Orders for plants are accepted subject to plants being available from Ball Straathof own stock at the time delivery is due. Ball Straathof may substitute what in its opinion is the nearest equivalent of any variety not available, unless the Purchaser specifically prohibits this.
- i. Ball Straathof shall not be liable for any variations in the quantities or specifications of any products or substitution of any materials, so long as the variation or substitution does not materially affect the characteristics of the product and substituted materials are of a quality equal or superior to those originally specified.

SPECIAL CONDITIONS

- a. Ball Straathof gives no warranty expressed or implied as to the description, quality, or productiveness of any plant material supplied by it, and the purchaser acknowledges that Ball Straathof will not in anyway be liable or responsible to the purchaser for consequential and/or indirect damages such as loss of profit or loss of production.
- b. The seedlings and/or plugs and/or plants and/or cuttings sold in terms hereof are sold voetstoots to the purchaser and Ball Straathof shall not be responsible for any defects therein, whether latent or patent.
- c. The purchaser acknowledges that he/she is not relying and will not rely on any representations, advice, information or technical assistance made or given on behalf of Ball Straathof or any of its employees save as contained in a written advice addressed to the purchaser and signed by an authorised employee of Ball Straathof.

4. PRICE OF PRODUCT

- a. The price of the product shall be the price listed on Ball Straathof's current published catalogue at the date of acceptance of the order unless Ball Straathof has quoted special prices for the product. All prices specially quoted are valid for thirty days only or until early acceptance by the Purchaser (except in the case of Ball Straathof's special promotion of particular products, when prices specially quoted shall be valid for the time stated in the promotion), after which time they may be altered by Ball Straathof without giving notice to the Purchaser.
- b. Ball Straathof reserves the right, by giving notice to the Purchaser at any time before delivery, to increase the price of the products to reflect any increase in the cost to Ball Straathof which is due to any factor beyond the control of Ball Straathof (such as, without limitations, any foreign exchange fluctuation, currency regulations, alteration of duties, significant increases in the cost of labour, material of other costs of production, any change in delivery quantities or specifications of the products which is requested by the Purchaser, or any delay caused by any instructions from the Purchaser or failure of the Purchaser to give Ball Straathof adequate information or instruction).
- c. Except as otherwise stated in Ball Straathof's current published catalogue or under the terms of any quotation unless otherwise agreed in writing between the Purchaser and Ball Straathof, all prices are given by Ball Straathof exclusive of the cost of delivery.
- d. The price is exclusive of any applicable Value Added Tax or other tax or duty, which the Purchaser shall be additionally liable to pay Ball Straathof.
- e. The cost of pallets and returnable containers will be charged to the Purchaser in addition to the price of the products, but full credit will be given to the Purchaser provided they are returned undamaged to Ball Straathof by the due payment date.

5. TERMS OF PAYMENT

- a. Subject to any special terms stipulated in Ball Straathof's catalogue or agreed in writing between the Purchaser and Ball Straathof, Ball Straathof shall be entitled to invoice the Purchaser for the price of the products on or at any time after delivery of the products, unless the products are to be selected by the Purchaser or the Purchaser wrongfully fails to take delivery of the products, in which event Ball Straathof shall be entitled to invoice the Purchaser for the price at any time after Ball Straathof has tendered delivery of the products or (as the case may be), notified the Purchaser that the products are ready for collection.
- b. Subject to 5.a, the Purchaser shall pay the price of the products (less any discount to which the Purchaser is entitled, but without any other deduction), upon the date of receipt of Ball Straathof's invoice notwithstanding that delivery may not have taken place and ownership in the products has not passed to the Purchaser. The time of payment of the price shall be of the essence of the contract. Receipts for payment will be issued upon request.
- c. Any early settlement discount offered by Ball Straathof to the Purchaser shall be conditional upon strict adherence to the terms of early settlement of the price of the products.
- d. If the Purchaser fails to make payment in full on the due date, then, without prejudice to any other right or remedy available to Ball Straathof, Ball Straathof shall be entitled to: -
 - i) Cancel the contract or suspend any further deliveries to the Purchaser; and
 - ii) Demand for payment of all outstanding balances whether or not due and/or cancel any outstanding orders from the Purchaser; and
 - iii) Appropriate any payment made by the Purchaser to such of the products (or the products supplied under any other contract between the Purchaser and Ball Straathof), as Ball Straathof may think fit (notwithstanding any purported appropriation by the Purchaser); and
 - iv) Charge the Purchaser interest (both before and after any judgement) on the amount unpaid, at the rate of 2% above the Prime Lending rate of Standard Bank of SA Ltd or any part thereof until payment in full is made.
 - v) In the event that the Purchaser has an agreement in writing granting the Purchaser credit terms, all invoices issued by Ball Straathof to the Purchaser on credit are payable 30 (thirty) days from date of statement.

6. DELIVERY

- a. Any dates quoted for delivery of the products are approximate only and Ball Straathof shall not be liable for any delay in delivery of the products howsoever caused. Time for delivery shall not be of the essence unless previously agreed by Ball Straathof in writing. The products may be delivered by Ball Straathof in advance of the quoted date upon giving reasonable notice to the Purchaser.
- b. Delivery shall take place on the date that the Purchaser or his nominee receives the products.
- c. Delivery of the products by Ball Straathof or its agent to any person or carrier, and consigned to the Purchaser's nominee shall constitute delivery thereof to the Purchaser.
- d. Where the product is delivered in instalments, each delivery shall constitute a separate contract and failure by Ball Straathof to delivery any one or more of the instalments in accordance with these conditions, a claim by the Purchaser in respect of any one or more instalments shall not entitle the Purchaser to treat the contract as a whole as repudiated.
- e. In the event that the Purchaser fails to take delivery of the products or fails to give Ball Straathof adequate delivery instructions or adequate access to its premises so that Ball Straathof is prevented from making delivery at the time stated

for delivery (otherwise than by reasons of the fault of Ball Straathof), then, without prejudice to any other right or remedy available to Ball Straathof, Ball Straathof may:-

- i) Store the product until actual delivery and charge the Purchaser for the reasonable cost (including insurance of transport and storage); or
 - ii) Sell the product at the best price readily obtainable (after deducting all reasonable transport, insurance, storage and sale expenses);
- f.** Dispose of the products by dumping the products if there is no market for the products and Ball Straathof is unable to sell the products within a reasonable time, account to the Purchaser for the excess over the price under contract or charge the Purchaser for any shortfall below the price under the contract or charge the Purchaser for the full purchase price.

7. RISK AND TRANSFER OF OWNERSHIP

- a.** Risk of damage to or loss of the product shall pass to the Purchaser:-
- i) In the case of products to be delivered otherwise than at Ball Straathof's premises, at the time of delivery or if the Purchaser wrongfully fails to take delivery of the products, the time when Ball Straathof has tendered delivery of the products.
 - ii) In the case of products to be collected at Ball Straathof's premises, at the time when Ball Straathof notifies the Purchaser that the goods are available for collection.
- b.** The Purchaser acknowledges that it carries the risk in respect of the transport of the product by postal or courier service or airfreight and that the obligation to insure the product rests with the Purchaser and at the Purchaser's cost.
- c.** Notwithstanding delivery and the passing of risk in the products, or any other provision of these conditions, ownership in the products shall not pass to the Purchaser until Ball Straathof has received in cash or cleared funds payment in full of the price of the products and all other sums then due and payable by the Purchaser to Ball Straathof.
- d.** Until ownership of the products passes to the Purchaser, the Purchaser shall hold the products as Ball Straathof's fiduciary agent and shall keep the products separate from those of the Purchaser and third parties and properly stored, protected and insured.
- e.** Stored, protected and insured and identified as Ball Straathof's property. Until that time (or, if earlier, up to the time that an event occurs which causes condition 11 to apply), the Purchaser shall be entitled to re-sell or arrange disposal of the products in the ordinary course of its business, but shall account to Ball Straathof for the proceeds of sale or the disposal of the products, whether tangible or intangible, including insurance proceeds, and shall keep all proceeds separate from any monies or property of the Purchaser and third parties and in the case of tangible proceeds, properly stored, protected and insured. Until such time as ownership in the products passes to the Purchaser (and provided that the products are still in existence and have not been resold), Ball Straathof shall be entitled at any time to require the Purchaser to deliver up the products to Ball Straathof and, if the Purchaser fails to do so forthwith, to enter upon any premises of the Purchaser or third party, where the products are stored and repossess the products, at the Purchaser's expense.
- f.** The Purchaser shall not be entitled to pledge or in any way charge by way of security for any indebtedness the products which remain the property of Ball Straathof, but if the Purchaser does so, all monies owed by the Purchaser to Ball Straathof shall (without prejudice to any other right or remedy) forthwith become due and payable.

8. EXPORT TERMS

- a.** Where the products are supplied for export from South Africa, the provisions of this condition 8 shall (subject to any special terms agreed in writing between the Purchaser and Ball Straathof, its agents or nominees) apply notwithstanding any other provisions of these conditions.
- b.** The Purchaser shall be responsible for complying with any legislation or regulations governing the importation of the products into the country of destination and for the payment of any dues or taxes thereon. Page 10 of 11
- c.** Unless otherwise agreed in writing between the Purchaser and Ball Straathof, the goods shall be delivered by Ball Straathof and the Purchaser shall be responsible for the cost of transport and insurance.
- d.** The Purchaser shall be responsible for arranging for testing and inspection of the products at Ball Straathof's premises before shipment. Ball Straathof shall have no liability for any claim in respect of any defect in the profits which would be apparent on inspection and which are made after shipment, or in respect of any damage during transit.
- e.** Payment of all amounts due to Ball Straathof shall be made in advance in South African Rands.

9. INSOLVENCY OF PURCHASER

- a.** This condition applies if:
- i) The Purchaser makes any voluntary arrangement with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a company) goes into liquidation (otherwise than for the purpose of amalgamation or reconstruction); or
 - ii) An encumbrance takes possession or an administrator is appointed of any of the property or assets of the Purchaser; or
 - iii) The Purchaser ceases or threatens to cease to carry on business; or
 - iv) Ball Straathof reasonably apprehends that any of the events mentioned above is about to occur in relation to the Purchaser and notifies the Purchaser accordingly.
- b.** If this condition 9 applies, then, without prejudice to any other right or remedy available to Ball Straathof, it shall be entitled to cancel the contract or suspend any further deliveries under the contract without any liability to the Purchaser, and if the products have been delivered but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary

10. LIEN

Ball Straathof retains a general lien on any of the Purchaser's equipment or materials in its possession for any unpaid balance the Purchaser may owe to Ball Straathof. Ball Straathof shall be entitled to sell such equipment or materials in the event that payment is not made in full within 28 (twenty eight) days of notice given to the Purchaser by Ball Straathof of its exercise of the lien. The proceeds of sale may be taken by Ball Straathof for reimbursement of the expense of exercise of the lien and the sale and payment of the said balance and the Seller shall account for any surplus.

11. FORCE MAJEURE

Neither party shall be liable to the other or be deemed to be in breach of the contract by reason of any delay in performing, or any failure to perform, any of its obligations in relation to the products, if the delay or failure was due to any cause beyond its reasonable control:

- a. Act of God, explosion, flood, tempest, fire or accident;
- b. War or threat of war, sabotage, insurrection, civil disobedience or requisition;
- c. Acts, restrictions, regulations, bye-laws, prohibitions or measures of any kind on the part of any Governmental, Parliamentary or local authority;
- d. Import or export regulations or embargoes;
- e. Strikes, lockouts, or other industrial action or trade disputes (whether involving employees of Ball Straathof or of a third party);
- f. Difficulties in obtaining raw materials, labour, fuel, parts or machinery;

12. GENERAL

- a. Should the Purchaser not dispute the accuracy of the invoice within 7 (seven) working days, the invoice shall be deemed to be correct and the Purchaser shall have no claim against Ball Straathof.
- b. Should the signatory of the Purchaser be acting on behalf of a Principal, or if he purports to act on behalf of a Principal, this agreement shall bind the signatory jointly and severally as surety and coprincipal debtor in solidum with the Principal unto and in favour of Ball Straathof.
- c. A certificate signed by one of Ball Straathof's authorised employees showing the amount due and owing by the Purchaser to Ball Straathof at any given time shall be on the face of it proof of the amount owing by the Purchaser to Ball Straathof.
- d. In the event that the Purchaser breaches any term of this agreement and Ball Straathof instructs attorneys or a debt-collecting agency to enforce any of its rights in terms of this agreement, then Ball Straathof shall be entitled to claim all of its costs incurred in enforcing its rights, including but not limited to, collection commission and legal costs on an attorney and client scale.
- e. The Purchaser specifically agrees that Ball Straathof:
 - i) May carry out a credit enquiry including bank details and credit references in respect of the Purchaser;
 - ii) May access a credit bureau data base before granting credit to the Purchaser;
 - iii) May, where credit is granted, transmit details to a credit bureau of how the Purchaser has performed in meeting its obligations under the account, and share such information with other credit bureaus for purposes of assessing further applications for credit by the Purchaser, as the case may be;
 - iv) If credit is granted in favour of the Purchaser and the Purchaser fails to meet its financial commitments to Ball Straathof, Ball Straathof may record the Purchaser's default with the credit bureau;
 - v) May refer information relating to the Purchaser's credit performance to a credit bureau for banking and credit assessments, statistical analysis and credit scoring purposes and use such information to identify products (including those supplied by third parties);
 - vi) May record the existence of the Purchaser's account with Ball Straathof at a credit bureau.
- f. No addition, variation or agreed cancellation of this agreement shall be of any force or effect unless in writing and signed by or on behalf of the parties.

- g. All prices quoted for products are deemed to be exclusive of Value Added Tax and exclude the cost for packing materials and labels.
- h. Ball Straathof shall not be liable for any failure or delay in performance resulting from any cause which is beyond Ball Straathof's reasonable control.
- i. The Purchaser shall not be entitled to cede, assign or transfer any rights or obligations which it may have in terms of this agreement unless Ball Straathof has agreed thereto in writing.
- j. Ball Straathof shall be entitled to change its credit policy with regard to the Purchase at any time upon written notice to the Purchaser. In particular, Ball Straathof shall be entitled to demand that the Purchaser makes cash payments before effecting delivery of any goods to the Purchaser.
- k. Notwithstanding the fact that the Purchaser has signed a credit application form, no agreement shall arise between Ball Straathof and the Purchaser until Ball Straathof has signed this agreement.
- l. The Purchaser shall under no circumstances be entitled to deduct or set off any amount or defer or withhold any payment of any amounts due to Ball Straathof.

13. BREACH

Should either party breach any of the terms of this agreement, and fail to rectify such breach within 7 (seven) days after receiving written notice from the aggrieved party to do so, then the aggrieved party shall be entitled to cancel this agreement, or alternatively to claim specific performance of this agreement, in either case without prejudice to the aggrieved party's rights to claim damages.

14. DOMICILIUM

- a. The Purchaser chooses as its address its physical address stipulated in its credit application form approved by Ball Straathof, or the address for delivery when the products are payable on delivery to the Purchaser, as its domicile for the purposes of giving any notice, the serving of any process or for any other purposes arising from this agreement.
- b. The parties shall be entitled from time to time by written notice to one another, to vary the address to any other physical address in South Africa.
- c. Any notice which is:
 - i) Posted by pre-paid registered post to the other party's address shall be deemed to have been received by the party on the fourth day after posting;
 - ii) Delivered by hand during normal business hours at a party's address shall be deemed to have been received by the party at the time of delivery;
 - iii) Sent by facsimile at the party's address shall be deemed to have been received by that party on the 1st business day following transmission;
 - iv) Sent by e-mail to the party's nominated e-mail address shall be deemed to have been received by that party on the 1st business day following transmission.

15. LIMITATION OF LIABILITY

The Purchaser's sole and exclusive remedy shall be a refund of the purchase price. Ball Straathof's liability, whether for breach of contract, negligence, product liability or any other legal liability arising from sale, is limited to the amount of the purchase price. Under no circumstances will Ball Straathof be liable for damages in excess of the purchase price or for any special, incidental, indirect or consequential damages.
